

# TraffWeb

Interactive access to **STATS19** collision data and safety camera infrastructure over an intranet or the Internet for in house staff and/or public access.

The screenshot shows the TraffWeb interface in a Windows Internet Explorer browser window. The browser title is "Buchanan Computing TraffWeb - Home Page - Windows Internet Explorer" and the address bar shows "http://www.traffweb.co.uk". The page features a "TraffMap viewer" with a navigation menu (Home, Crown copyright, About, Help) and a "Features" panel on the left. The "Features" panel includes checkboxes for "Fixed Site", "Red Light Site", "Slight", "Serious", "Fatal", "Speed Limit 40 mph", "Camera Warning", "Speed Camera", and "Accidents", each with a corresponding color-coded icon. Below the features panel are search fields for "Find" and "Date Range". The main map area displays a street map with various icons representing different features. A callout box for a "Slight Accident Details" is open, showing the following data:

	Vehs	Cas	Peds	Child	Cycles	OAPs
May 2005	1	1	0	1	0	0

The accident location is "NFL, UXBRIDGE RD 17M. NW J/W NELL GROVE RD." and the time is "10:32". A "Speed Limit Sign 40 mph" callout is also visible, showing a speed limit sign with the number "40" and the text "Data correct at time of publication (05/01/2010)". An "Overview map" is shown in the bottom right corner. Several callout boxes provide additional information about the interface features.

Uses IE or any other browser with no local installation or set-up.

State-of-the-art panning and zooming to avoid update delays.

Quickly change what information is displayed.

Find a street, postcode or address and specify a date range for collisions.

Level of detail changes according to the user's status.

Configurable colours, style and graphics to fit into your website.

Menu of options and access to a comprehensive on-line help.

More detailed information (data or picture) is just a click away.

Data imported seamlessly from AccsMap, using your display styles.

Overview map, for easy navigation
